Honorable Henry M. Jackson  
Chairman, Subcommittee on  
National Policy Machinery  
United States Senate  
Washington 25, D.C.

Dear Scoop:

Thank you very much for the advance copy of the Subcommittee's report on The Private Citizen and the National Service. As you are probably aware, this is a subject in which I have considerable interest and have discussed some aspects of it on several occasions with members of the staff of your Subcommittee.

I find that the report has highlighted some of the more significant problem areas. Certainly, I for one hope that the necessary corrective action will be taken.

Again, I appreciate your thoughtfulness in sending me an advance copy of the staff study.

Sincerely,

SIGNED
